INTERCLUB NEWS

Chair: *Phil Selgren*

On Tuesday, April 13, we visited the Greater Beloit Kiwanis Club which meets at 6:00 pm at Sophia's Restaurant. Eighteen Beloit Kiwanians were present for the program that was presented by a Rock County nutritionist. Club members attending were:

Bob Knudson *Carl Cramer* *Gary Sullivan*
Dave Knoerr *Wiley Kessinger* *Phil Selgren*

On Thursday April 29, we met at 3:00 pm with the Edison Builder's Club. Sixteen students were present, with many not able to attend because of sports participation. When at full strength, the club numbers 60 students.

An Edison teacher, who is heavily involved in the May 15-16 Renaissance Faire, spoke to the group about the way Kiwanis helps with the Faire's success. In the next two weeks the Builders Club will be working after school to make blocks for a castle that will be started at the Children's Entertainment area at the Faire. The last 45 minutes of the meeting was used to assemble appreciation packets for the entire Edison staff.

Golden K'ers attending were:

Bob Knudson *Curt Larson* *Bob Johnson*
John Holcomb *Dave Peterson* *Phil Selgren*

In May, we intend to arrange an interclub with Beloit Golden K and/or the Beloit Noon Club.

Mothers Day Breakfast

The breakfast is to be held from 9:00 until 11:00 on May 8th at the Elks Club. We have been asked by the noon club to assist them in serving the breakfast. The noon club is interested in having us take it over in future years. Unfortunately I have not heard from them as to how many helpers are needed.

Renaissance Faire

May 15th and 16th. This is a great project which helps us to provide another scholarship. The people who helped last year seemed to enjoy the unusual environment and the great costumes. We are in need of volunteers to help sell tickets and hand out programs at the main gate. We also need volunteers to help in the beer tent. Be sure to sign up May 5th. Thank You for your support!

DENTAL MOBILE

Chairs: *Curt Larson, Ray Anderson*
When the Dental Care Mobile Van was here in January, 6 of our Golden "K" members worked 52 hours to help the Dental Mobile project work efficiently.

In 7 days of operation the Dental Mobile served a total of 38 young patients. The young patients received the following treatments:

*38 received Examinations, 31 received X-Rays,
29 received Prophylaxis, 15 had Fluoride Treatment,
4 received Seal Treatment.*

In total, 93 Fillings were provided to these patients.

Additional procedures were provide for:

*11 patients who had Extractions,
2 had SSC (Stainless Steel Crown) Procedure,
and 2 had a Pulp treatment*

One young man had 10 fillings and still had to be referred to a local dentist for more work.

To accomplish the work for these patients, 18 had 1 appointment, 13 had 2 appointments, 6 had 3 appointments, and 1 patient needed 4 appointments.

On an average, a patient receives between \$450 to \$500 worth of service. Therefore, the work performed on those dates valued between \$17,000 and \$19,000.

All work performed on the above children is completed at no cost to these young people thru this program. I think we should feel good that we can help make a difference!

Curt and Ray

BOARD of DIRECTORS

Meeting 04/28/2010

Members Present: 8:30 am
Pete Kealey, Richard Johnson, Gordon Drake, John Janes, Tony Guernsey, Richard Olin, Bill Bessire, Jerry Langdok and John Nevins.

Others Present:
Curt Larson, Bob Johnson, John Holcomb and Dave Peterson.

Secretary's report of 3-31-10 was submitted at an earlier date. Motion made by Tony Guernsey, seconded by Gordon Drake to approve minutes as submitted.

Motion approved

No treasurer's report today. Will Reck will pass out copies next week.

Pete Kealey submitted a proposed recommendation pertaining to litter and trash along the state and federal highways in Rock County. Bob Johnson then explained the problem and asked the board to create a new committee to coordinate work groups and communicate with city and county officials, other service organizations, unions and companies. After discussion a motion was made by Gordon Drake, seconded by Bill Bessire to establish a committee to coordinate efforts among city and county officials, service organizations, unions and companies in Rock County to remove trash and litter from state and federal highways.

Motion approved

Pete Kealey outlined a proposed change to Policy #7 or the creation of a new policy regarding the solicitation of funds directly to the membership. Policy #7 "The Board should approve all fundraisers and other activities of Club Members so that they count as official activities of the Club". The problem

arises when money is solicited directly from the membership without Board approval or disapproval. Money is sometimes solicited by program presenters, by members, by sponsored Clubs or by extended family of a member. After a great deal of discussion it was decided to leave the policy as is. Any collections from our members will take place at the meeting following the request. It will be the decision of each member as to whether or not he wishes to contribute.

John Holcomb asked the Board for approval to pass out a form submitted on behalf of the Edison Builder's Club to raise money so that they can build a Children's Castle that will be used each year at the Janesville Renaissance Fair. Approval was granted.

Pete Kealey adjourned the meeting @9:00 am.
Report by Tony Guernsey, Secretary

Adopt a Highway Coordination Committee

The purpose of this new committee, formed at the board meeting on April 28, is to help keep Rock County's state and federal highways cleaner than what we see today. **We will not be doing the work along the roads.** Our effort to keep two Kiwanis parks and the Kiwanis trail free of trash is all we may want to do at this time.

Many Rock County highways have never been adopted, while adopted sections are seldom being cleaned. The delinquent or non-assigned highways continue to gather trash which fouls the environment and detracts from the beauty of our roadways.

There is a well established process to adopt a highway and Ben Koopman of the Rock County highway department will help train new volunteers.

This committee will find out which roadway sections are assigned and being cleaned on a regular basis. We will then help determine commitment status and work to find other individuals, families, organizations or businesses to adopt new or neglected sections.

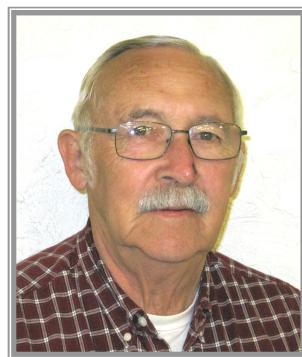

We will contact other Kiwanis clubs in the county and ask them to assume the responsibility of state and federal highways near their communities. If no Kiwanis clubs are in these cities, we can call on other service clubs to help.

Carl Cramer, Dave Soderberg, Gordy Drake and Bob Johnson have already volunteered to serve on this committee. If you would like to help, please give your name to Gordy Drake

Thanks, Bob Johnson
