**"Success Depends on You"**

Every organization that continues to succeed depends on their core groups of dedicated people who have stepped up when asked to accept the position of Vice-President, Secretary, or a Board of Director member. These positions are key to the smooth operation of any well-organized club. This process is repeated annually to ensure that the strength of the club continues to grow with new ideas and new energy.

Two new Board of Director members will start as of October 1, the same time the new Vice-President elect will be installed. The function of the board is to work in conjunction with the President and Secretary on all aspects of the clubs operations. For a more detailed explanation, please read your standard form for club by-laws Article VII - Board of Directors.

The Vice-President's responsibilities include; attend board meetings, preside at meetings in absence of president elect and president, plus other duties assigned by the president, attend division conferences, district meetings and international conferences.

The Secretary's responsibilities include; management of club records, document details of meetings, keep minutes of meetings, fill out and submit reports to district.

Thanks to Tom Ward and Glen Jablonka for filling the two empty places on the Board of Directors. And thanks to Ron Schuler for accepting the position of Vice-President.

Also thanks to Paul Neitzel for accepting the position of Secretary. The success of this club will depend on key people like these.

## Club Survey of 2012

*During a club meeting in February, we completed a survey that requested your thoughts concerning the strengths and weaknesses of our club. Your officers appreciate the candid input you provided. Here is a summary of the results.*

### Membership Growth

The survey showed that many members did not know that membership goals were stated at the Installation Dinner, printed in the Smoke Signal and that membership growth is encouraged at weekly meetings.

### Community Service

Members scored our club's activity in this area poorly, said there should be more hands on activities and more participation with service leadership programs such as K-Kids, Builders Club, Key Club, Atkion Club etc.

### Public Relations and Marketing

On the subject of public relations and marketing, members felt there should be more publicity in local media and that members should proudly wear Kiwanis apparel during fundraisers and service projects.

### Education/Member Experience

On the subject of education/member experience, members scored the club high in this area, but showed some lack of understanding about our club's leadership succession plan, and the process for being a distinguished club i.e. turns in committee reports to secretary and turns in service hours.

Only 19 of our 50 members made comments on the back side of survey.  
Some comments were:

*Invite women. Decals for cars. Two donuts for every meeting. More opportunity to keep Kiwanis name in local media. More emphasis on youth service. Put our banner on display at all fundraisers. Shorter social time to allow for more program time. New ideas for membership growth.*

Our score was between 75 and 100% which leaves room for improvement, but our overall average was approximately 91%. Thank you for your honest opinions.

President,

*John Janes*
